

PATRICK CASTILLO
EVOCATION

FOR MIXED CHORUS (SATB) AND CELLO

FIN DU TEMPS

Evocation (2007)
in memoriam Maria Cruz
for Mixed Chorus (SATB) and Cello

Patrick Castillo (b. 1979)

“Evocation” was commissioned by the Manhattan Choral Ensemble. The work received its premiere on June 8, 2007, at Earl Hall, Columbia University, New York, NY. The performance was given by the Manhattan Choral Ensemble, conducted by Thomas Cunningham, with cellist Clarice Jensen.

DURATION: c. 10'

Patrick Castillo/Fin du Temps (ASCAP)
165 Clinton Avenue #1A
Brooklyn, NY 11205

NOTES FOR PERFORMANCE

- Additional performance requirements:
 - ◊ c. 5 wine glasses, tuned to B \flat (wine glasses to be pre-tuned in consultation with cellist)
 - ◊ hammers
 - ◊ shortwave radios (quantity determined at discretion of the conductor)
 - ◊ Tibetan singing bowl
 - ◊ music stands to accommodate singers playing wine glasses and Tibetan singing bowl, operating radios, and clapping hands
- When no text is indicated, the chorus is to sing *ah*.
- All vowels indicated in vocalise sections are to be sung according to Latin pronunciation.
- Vertical arrows indicate cues in one voice (including cello) intended to trigger events in another.
- Rehearsal **A** through Rehearsal **B** is divided into a series of fragments, separated by solid barlines. (Dashed barlines occur within fragments as an aid to performance, but should have no bearing on phrasing.) Each fragment is driven by a particular voice (including cello), indicated above the uppermost staff in bold type.
- At Rehearsal **D**, the number of radios to be played (by members of the choir) is to be determined at the discretion of the conductor. Radios are to be pre-tuned at random to an unintelligible cacophony of stations and static. (No discernible music!) Volume on all radios should be set at or near the lowest possible audible level; enough radios should be employed so as to create a soft but present murmur.
- At Rehearsal **G**, those members of the chorus playing wine glasses are instructed to break glasses with hammers. A protective covering may be prepared beforehand at the discretion of the performers, so long as the sound of breaking glass is minimally impeded.
- Singers (and soloists particularly) may use tuning forks to prepare for entrances, at the conductor's discretion.

Musical score page 7 featuring six staves. The top four staves represent vocal parts: Soprano (S.), Alto (A.), Tenor (T.), and Bass (B.). The bottom two staves represent instruments: Wine glasses and Shortwave radios. The score includes lyrics "A - ve—" for the vocal parts. Measure numbers 6, 5, 4, 5, 4, 4, and 7 are indicated above the staves. The vocal parts sing eighth-note patterns, while the instruments play sustained notes or specific rhythmic figures.

Musical notation for clapping hands in 9/8 time. The notation consists of two staves. The top staff shows a continuous sequence of eighth-note patterns: a pair of vertical strokes, followed by a vertical stroke with an 'x' above it, followed by a vertical stroke with an 'x' below it, followed by a vertical stroke with an 'x' above and below it. This pattern repeats three times. The bottom staff shows a similar sequence: a vertical stroke with a dot below it, followed by a vertical stroke with an 'x' above it, followed by a vertical stroke with an 'x' below it, followed by a vertical stroke with an 'x' above and below it. This pattern also repeats three times. The measure number '9' is positioned above the first vertical stroke of the second staff, and the measure number '8' is positioned above the first vertical stroke of the third staff.
